Small-Case Construction Histories

The tables list complete words after each move, their occupied intervals, the number of new tiles, and the ordinary move score. Existing letters remain in place. Every setup move places at most seven tiles and scores positively. In the NWL23 two-tile construction, I13 is a permanent blank A. The three other small-case constructions use no blanks.

Table 1: A legal construction for NWL23, $k = 1$. Only the last row is the record move.
